11- In Super-Solo, Speed-Solo and Mixed Relay, Video reviews will be used to check & validate the scores in case of any objection. In order to be considered, official objections should be presented within a maximum of 20 min from the end of the event. If a check is done and led to a change in the overall result, the impacted players/teams can request another check – for a different player/team – within 20 min from the announcement of the result change.

12- In every event, each club will only get the equivalent points of its top ranked player (even if 2 or 3 players were participating and ranked). However, the medals will be offered to the winners regardless of their club (even if they are all from the same club).

13- In case of a draw in the total number of points, the tie breaker would be “the number of Gold medals” won, then the silver and finally the bronze. If the tie continues, then both teams get the same ranking.

14- LOTFY's Cup will be awarded to the club winning the 1st place in Seniors' age group and same thing will apply on Juniors' age group.

15- For the Singles & Doubles events, the type of competition will be determined according to the number of participants as follows:

- If the number of players/teams is equal or above 6: we use groups system.
- If the number of players/teams is 5 or less: we use Round Robin system (1 group gathering all players/teams together).

16- In the case of 1 group (5 participants or less): all players/teams will play against each other with "Round Robin system" in the first day of the championship. On the second day, a rematch will occur between the 1st and the 2nd as well as a rematch between the 3rd & the 4th to determine the winners of the three medals. Day 2 results are the ones that would be considered as finals.

17- For Groups system (6-10 participants): the teams will be split into 2 groups.

- The teams within the same group will be playing against each other via "Round Robin" system and ranked from 1st to last based on their points.
- For every win, the player/team will get 2 points, a loss is equivalent to 1 point and a withdraw gives zero points.
- The first 2 teams in both groups will be qualified to the semi-final of the event in which the matches will be determined with the "scissors rule" (the first of Group A will play against the second of Group B and vice versa)

18- In case 2 or more players/teams have the same points at the end of the group stage, we will be considering – as tie breaker - the differences in games (won/lost), the total number of games won, the difference in internal points (won/lost), and finally the total points won if the draw remains.

19- In case the participants are 11-15 players/teams: We will be using 3 groups
In case the participants are 16 players/teams or more: we will be using 4 groups

Afterwards, the first 2 players/teams from each group will be qualified to the quarter finals. In case of 3 groups, the first 2 players/teams along with the **best 2 players/teams** having the **3rd position** in their groups will be qualified to the quarter finals. (using same criteria in P18)

20- It is completely prohibited to use any rackets having any kind of dents or distortion in their hoops. The referees will be checking all rackets and exclude all non-compliant rackets.

21- If any player tries to use uncompliant rackets and manages to play with them, he/she will be suspended, his/her score will be cancelled and FISB will be running an investigation to decide the proper punishment for the player & the coach as well.
